## Newlox Receives European Legal Entity Identifier

**Vancouver, BC, 4 January 2018** – Newlox Gold Ventures Corp. (“Newlox” or the “Company”) (CSE: LUX | Frankfurt: NGO) has received its Legal Entity Identifier (LEI) bar code equivalent in accordance with European Union regulations.

The relevant assigned ID is, 9676001104NEWN5G0683

The legal entity identifier number is a 20-digit alphanumeric code. It is an internationally standardized and globally valid identifier for financial market participants. Its purpose is to clearly and unequivocally identify contracting parties (such as companies, banks and investment funds) and provides compliance with a variety of financial reporting requirements.

According to the Deutsche Bourse Group, the LEI number will affect most aspects of the securities markets in Europe, including trading, clearing, settlement, custody, collateral and liquidity management, market data, and indices.

### **About Newlox Gold Ventures Corp.**

Newlox Gold Ventures Corp. is focused on recovering contaminants and residual precious metals from residual historical waste from a century of inefficient artisanal and small-scale mining. The Company is concentrating on politically and socially stable jurisdictions in Latin America.

Newlox has agreements with local artisanal mining cooperatives to provide a steady supply of feedstock and is currently testing its first processing plant in Central America with its experienced engineer and metallurgist. Hundreds of years of mining history in Latin America and current inefficient artisanal processing provide the Company ample opportunity to grow its business model. Newlox has identified a niche within the extractive industry where a clean-technology company can apply innovative processing techniques to not only recover precious metals but also effect positive change in the environmental and social landscape through its operations.
